#### **Guidance for Purchasing:**

The shopping list has been set up on Amazon.ca in order to minimize shipping and customs duties. Each item is set to be sent directly to Esker Foundation.

If you are purchasing from Amazon.ca directly, our advice is to purchase the cheapest "new" version you can find. Paperback is generally preferable over hard cover.

If you are purchasing through a third-party dealer through Amazon.ca, you should only purchase books with a condition designation of "new" or "like new". The only exception is if the book is very desirable and there is only a "very good" copy available. Please do not purchase anything in less than "very good" condition.

Frequently, you may come across a notice that the item is "temporarily unavailable". Don't be put off by it; order the book anyway.

### **3) Donate a book from your personal library.**

You are most welcome to donate books from your personal library or local bookstore as long as they are within any one of the following subject areas:

Painting, Sculpture, Ceramics, Radio, TV, Film, Music, Art Education, Industrial Design, Printing, Textiles, Calligraphy, Ornamentation

We ask that you first compile a list of the books you would like to donate and email it to Judith, 168:01's Head Librarian, at **168h01s@gmail.com**. Please make sure to include each book's:

1. Title
2. ISBN number

This allows us to keep track of what we are receiving and to check new titles against our Amazon Wishlist.

Once Judith has responded positively to your email, please mail your donations to the address below, or drop them off at Esker Foundation in person during gallery hours:
