

Esker Foundation is a unique 15,000 sq. ft. gallery space in Calgary that connects the public to contemporary art through relevant, accessible, and educational exhibitions, publications, and programs for all ages from babies to seniors.

The foundation reflects on current developments in local, regional, and international culture; creates opportunities for public dialogue; and supports artists with the production of groundbreaking new work, ideas, and research.

Esker programs **three exhibition** changes per year for **the fall, winter, and spring/summer** seasons. In addition to the main exhibition space on the **fourth floor**, Esker Foundation hosts the **Project Space at street level**. As a vital alternative exhibition venue, the Project Space aims to engage the community by increasing the presence and accessibility of contemporary art. The Project Space program invites emerging and established artists to develop new, responsive exhibitions that directly address the neighborhood and explore important contemporary issues.

Esker is a privately funded contemporary art gallery located in Inglewood, Calgary ideally positioned on the 4th floor of a purpose-built cultural hub called **Atlantic Avenue Arts Block**. Founded in 2012 by Jim and Susan Hill, the gallery is a model of institutional relevance, curatorial focus, and audience engagement.

Admission and programs are free.

Esker Foundation is excited to present our fall 2019 exhibition season featuring Jeffrey Gibson, Nep Sidhu, Kablusiak and Marjie Crop Eared Wolf.
